

RoboMasters is the world's largest, most complex, and cutting edge robotics competition, inspiring engineers to design and build next-generation robots for completing difficult tasks and battling against each other. It is founded by DJI, the world's leading manufacturer of drones.

For the last two years, the RoboMasters competition has impressed the world with its phenomenal technology and innovation (Follow us on YouTube to get more *Competition Footage* <https://www.dropbox.com/s/6ywefv0nof7w5iu/Videos%20about%20RoboMasters.pdf?dl=0>). The RoboMasters 2017 competition is now open for registration. We warmly welcome college teams that demonstrate creativity, passion and teamwork to register.

We plan to have a regional competition in North America in June 2017. The outstanding teams will be invited to Shenzhen, China to compete for the championship in August.

Rules of the 2017 RoboMasters Competition will be posted this November. They will be a modified version of the 2016 Rules currently posted here.

If you are interested in the RoboMasters competition we encourage you to form a team. We accept university teams as well as consortiums of students from multiple universities. Make sure to recruit 5~35 members with different backgrounds in areas such as mechanical, electrical, automation and control, as well as software and computer engineering.

When your team is ready please complete the *Application Form*

https://docs.google.com/spreadsheets/d/1dSRnvJeJrkwfZaDC7R_Jkvp_ag1Zh1tk-C-gUBETda8/edit?usp=sharing and the *Entry Rules* <https://www.dropbox.com/s/7jm0enutl35r7w4/Entry%20Rules%20for%20RoboMasters%202017.pdf?dl=0> (everyone on the team should sign it). Send these materials to us via email robomasters@dji.com.

RoboMasters will sponsor new teams in two ways. First we will provide each team with two standard robots. Second, we will provide participating teams with discounted materials.

Final details of the competition are subject to change by the competition organizing committee.

If you have any questions, please feel free to contact us by email at robomasters@dji.com.
